

FC20-D

Introduction

FC20-D is a Facial/Finger/Card/Password reader. Using the latest active visible light technology its recognition speed has been vastly improved to less than 1 sec.

With its built-in door access controller, it allows user to link up to a door access, making this model ideal to be mounted next to a door.

Features

- IP65 water and dust resistance
- Visible Light Facial Recognition
- Optional to scan QR code (Special Mode)
- Auto update date/time from internet
- Anti-spoofing algorithm against print attack (laser, color and B/W photos), videos attack and 3D mask attack

Fingerprint

Facial/Card/PIN

Fast Recognition

Fast Network

Specifications

Face Capacity

1,500 Faces

Fingerprint Capacity

3,000 Fingers

ID Card Capacity

3,000 Cards

Transaction Capacity

200,000 Transactions

Authentication

Facial/Fingerprint/Card/PIN

Network Interface

TCP/IP/WIFI

Display

4 inch LCD Color Touch Screen

Operating Voltage

12V 3A

Size

58.5 x 185 x 20 mm (WxHxD)
